

Meeting Report – 23-03-2025

1. Attendees

- BOUSSEKINE Mohamed Ismail
- FERKIOUI Akram
- AMEDJKOUH Darine
- HAMMOUTI Walid
- BENTALEB Lisa

2. Points of Discussion

A. Orders Management (Website & Mobile App)

- Reviewed the current strategy for handling orders on both the website and the mobile app.
- Discussed enhancements to streamline order processing, improve tracking, and ensure timely notifications for users.

B. Messaging Management (Website & Mobile App)

- Evaluated the messaging system integration on both platforms.
- Identified areas for improvement to ensure seamless, real-time communication and effective message management.

C. ChargilyPay API Implementation

- Discussed the steps required to integrate the ChargilyPay API.
- Outlined plans for secure payment transactions, error handling, and establishing a reliable testing process.

D. Additional Mobile App Layouts

- Collaborated with the UI/UX designer to review and discuss additional layouts for the mobile app.
- Focused on enhancing the credit card information page and other payment-related screens to improve user experience.

3. Additional Information

- The entire meeting was supplemented by detailed visual explanations using the Excalidraw website, which helped clarify concepts and design ideas.

4. Next Steps

- Finalize detailed designs for orders and messaging management on both platforms.
- Begin the initial integration phase for the ChargilyPay API, including setting up test scenarios.
- Refine additional mobile app layouts based on feedback and Excalidraw sketches.
- Schedule a follow-up meeting to review progress on these action items.

5. Conclusion

The meeting was productive, with clear next steps agreed upon and a strong alignment on upcoming priorities.
